

### HYDROSTATIC MONITORING KIT

## Accurately measure your tanks with hydrostatic technology.

The WESROC Hydrostatic Monitoring System is a safe and accurate method to measure liquid tank levels for industrial and farming applications. The kit is adaptable to monitor the tank by submerged or external mounted sensor. The system works on tanks that are 11' to 60' in size.

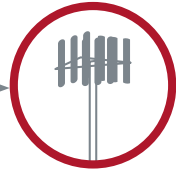

The system works in conjunction with a pressure sensor and an atmospheric sensor to calculate the precise level of a tank containing liquids of any type. The system is easy to install and requires little maintenance.

#### MONITOR

Monitor checks tank level every minute, and reports daily. Alerts are sent immediately.

#### COMMUNICATION

Reports and alerts are communicated via cellular network.

#### WESROC.NET

View readings and alerts. Build reports and manage hardware settings. Compatible with WESROC mobile app.

#### TRANSPORT READY

Always full and ready for transport distribution.

### Hydrostatic Tank Monitoring System

#### KEY FEATURES

- System powered by internal battery
- Adjusts for atmospheric pressure variations
- Pressure sensor can be installed inside or outside the tank
- Compatible with a wide variety of liquids
- Applicable on tanks 11' to 60'

#### MONITOR DIMENSIONS

**Size:** 5.6" long x 5.3" wide x 7.6" tall

**Weight:** 1.5 lbs.

#### APPLICATIONS

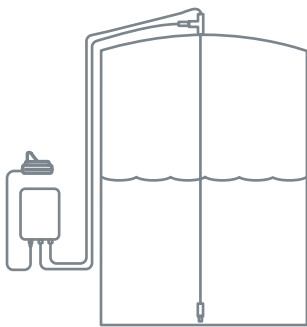

Bulk Storage

#### FEATURES

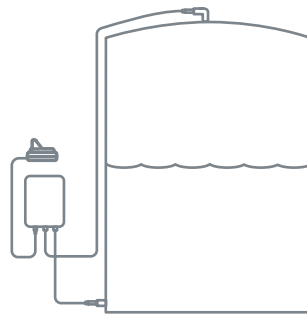

- Intrinsically safe case enclosure and battery
- Field replaceable, waterproof battery package
- Over five year battery life with daily reporting
- Can be paired with WESROC Overfill Alarm Monitor

#### WESROC.NET REPORTING FEATURES

- Tank status is checked every minute for instant reporting of changes
- Easily schedule when and how often reports are delivered
- Configure warning and critical alarm thresholds for low or high tank levels
- Level, fill event, draw rate and manually triggered reports
- View and track cellular system information and signal strength
- All fills are time stamped and reported immediately

Submerged Bottom Sensor

External Mount Bottom Sensor
